

Since 1887

KORDES ROSES

The most beautiful roses in the world

BY IRWIN & CINDY EHRENREICH

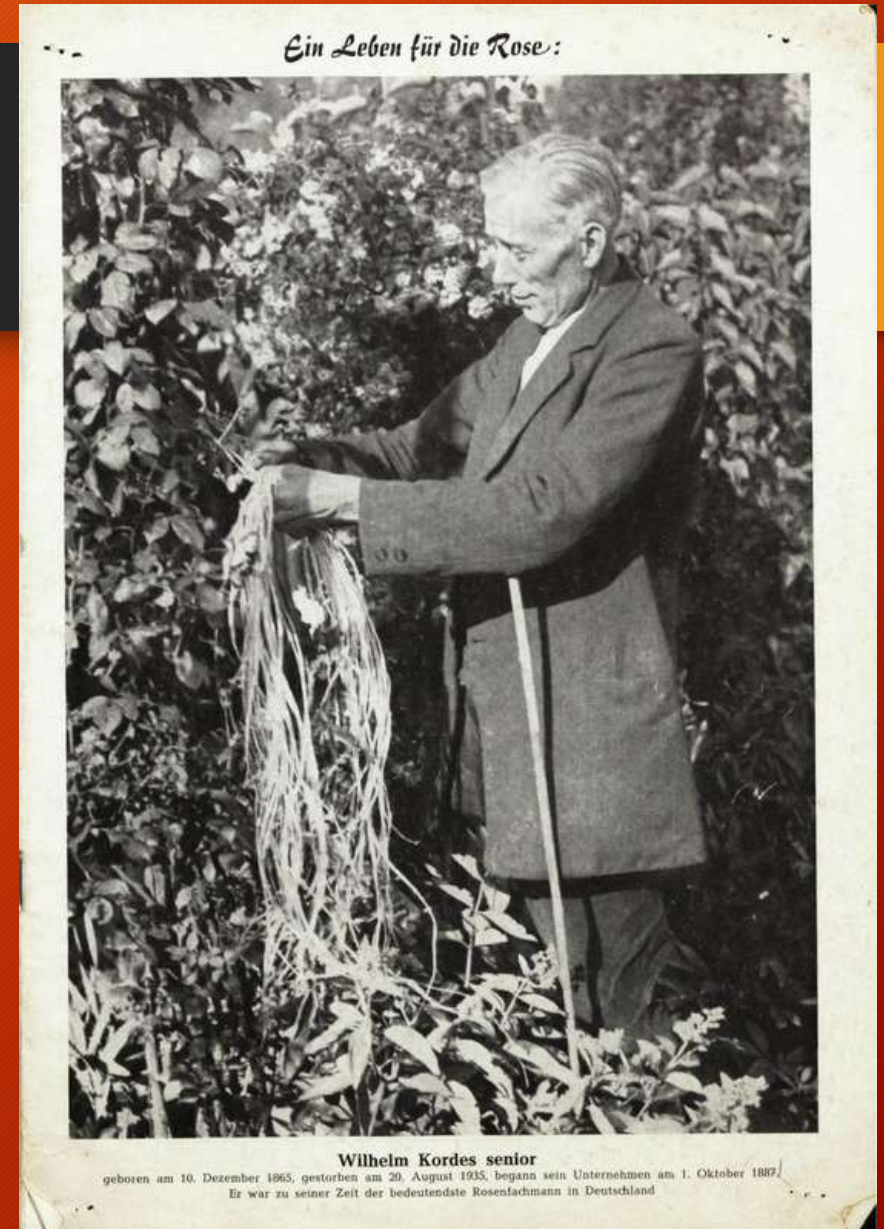

LOCAL SOURCES of KORDES ROSES

- M-Mahoney's in Winchester
- Ru-Russell's in Wayland
- Sy-Sylvan in Westport
- Ro-Roseland in Acushnet
- Ag-Agway in Dennis, Chatham & Orleans

WILHELM KORDES I (1865-1935)

- 1887-W. Kordes Sohne was founded in Elmshorn, Germany
- 1918-Moved to Sparrieshoop where it is one of the world's leading rose breeders.
- 2 million rose plants sold annually worldwide

WILHELM II (1891-1976)

- Wilhelm II changed the name to Wilhelm Kordes Sohne.
- In 1920 he took over the breeding program.
- His aim was to breed hardy and healthy varieties for the German climate.

KORDES BREEDING FACILITY

EARLY ROSES

- His early focus was on native European species-
R. Canina, R. Rubiginosa & R. Spinosissima
- This resulted in Shrub roses such as Louise Rodiger and Fruhlingsanfang

HYBRID MUSKS

- In the early 1930s he experimented with Hybrid Musks giving us Erfurt and Eva.

CRIMSON GLORY

- His biggest success during this period was with the Hybrid Tea Crimson Glory in 1935

R. KORDESII

- During WWII Wilhelm II crossed *R. Wichuriana* with *R. Rugosa* and created *Rosa Kordesii*.
- This gave rise to the Classic Shrubs Hybrid *Kordesii*.

LEVERKUSEN

- H. Kordesii
- Light yellow
- Mild lemon fragrance
- 10' tall x 8' wide
- Zones 5b and warmer

Arboretum
VOLČJI POTOK

HEIDELBERG

- Hybrid Kordesii
- Medium red
- Mild Fragrance
- 8' tall x 5' wide
- Zones 6-9

- Shrub
- Yellow w/ red edges
- Mild fragrance
- 5' tall
- Zones 6-9

WESTERLAND

- Shrub
- Apricot orange
- Strong clove & spice fragrance
- 12' tall x 4' wide
- Very disease resistant
- Zones 5b-9b

- Ro

WILHELM KORDES III 1953-2016

- Wilhelm continued creating beautiful roses. The top goals of their breeding program are winter hardiness, quick repeat blooms, disease resistance, unique colors, abundance of blooms, fragrance and good height and fullness of plants.

PERFECT MOMENT-1989

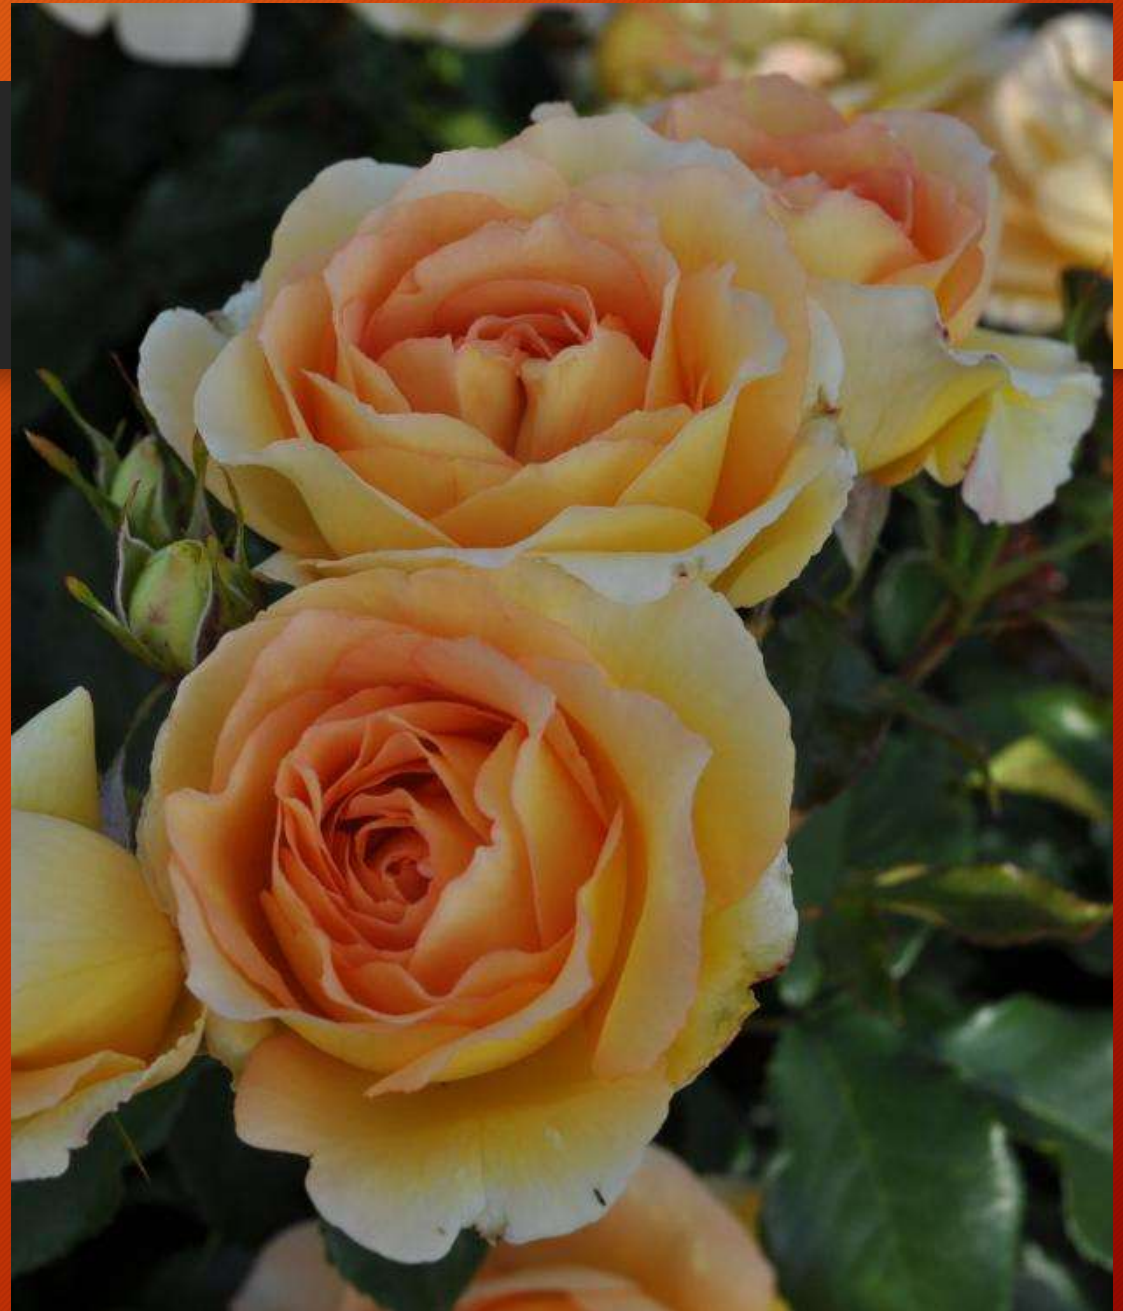

- Hybrid Tea
- Red w/ yellow reverse
- Mild fruity fragrance
- 5' tall x 4' wide
- Susceptible to disease
- Zones 7b and warmer

- Ro

EUREKA-2002

- AKA Seminole Wind
- Climber
- Deep pink
- Strong apple fragrance
- 12' tall x 10' wide
- Very disease resistant
- Zones 4b and warmer

KORDES IN THE 21st CENTURY

- In 1990 Kordes made the decision that all garden roses should be naturally healthy and disease resistant. This decision led to having all of the trial fields for garden roses being managed and then evaluated without the applications of fungicides
- With the death of Wilhelm III in 2016, a 5th generation of Kordes have joined the family business.
- Kordes markets roses in more than 30 countries around the world and they are now readily available in the United States.

COLLECTIONS

ARBOROSE COLLECTION

- Own root climbing roses with excellent disease resistance

TANGERINE SKIES ARBOROSE

- Climber
- Tangerine orange
- Strong fragrance
- 8' tall x 4' wide
- Excellent disease resistance
- Zones 5-9
